Anja,

Those properties are not enrolled in the Farmland Program or the Tree Growth. The Farmland Program requires a minimum of 5 acres and the Tree Growth Program requires at least 10 forested acres. Only the parcel - map/lot 44-43 -had 5 or more acres and it was not enrolled in either program.

Thanks,

Phil

Hi Phil, could you provide me with the same verification for the map-lots below (all in the same general location)?

044-043, 044-039, 044-040, 044-041, 044-058, and 044-059

Anja,

It is in neither program.

Phil
