

# COMMUNITY CONNECTOR

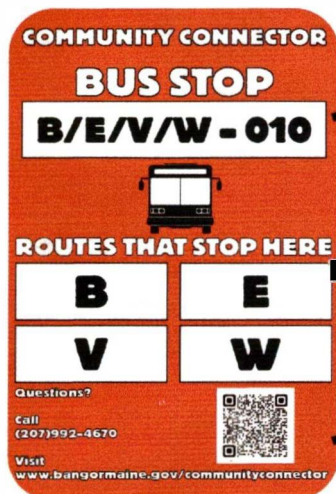

## THESE ARE THE NEW BUS STOPS AND ROUTE NAMES

**Route A - Capehart**  
**Route B - Center St.**  
**Route E - Mt. Hope**  
**Route H - Hampden**  
**Route M - Mall Hopper**  
**Route N - Brewer North**  
**Route O - BBOE**  
**Route S - Brewer South**  
**Route U - Hammond St.**  
**Route V - Old Town**  
**Route W - Stillwater**

- The blue bus stop is only for Route O.
- The red bus stops are for every Route but Route O.
- Bus stops going outbound go up and end in an even number (0,2,4,6, or 8) most commonly 0.
- Bus stops coming inbound go down and end in an odd number (1,3,5,7, or 9) most commonly 5.
- NOTE: There are some exceptions to this. For example, Route H and Route U share a bus stop, the number of that stop will be determined by H because it comes first in the alphabet. So stop number H/U - 075 is an inbound stop on Route H but an outbound stop on Route U. Because H comes first in the alphabet, it ends in an odd number.

## HOW TO READ THE NEW BUS STOPS

This is the number of the stop. All the Routes that stop at this stop are included in the number.

Both the route letters are represented on this part of the sign as well.

The QR codes can be used to pull up a schedule of any bus route. Just turn on the camera on your smartphone and click the link that comes up.
